## Gala Recap

From the bottom of our hearts, we would like to thank [our donors](#) for the generosity in their monetary donations, as well as in the time they invested in supporting the NCEF at our virtual gala. We hope you had fun—we didn't think a virtual event could generate so much fun competitive spirit, but you surprised us! We hope to be able to safely hold our gala in person in 2021! For those unfamiliar with the event, our annual gala serves to fund scholarships in support of our pharmacy, medical, and health science students studying at the California Northstate University.

This year's gala raised over \$130k through your donation, as well as other donor matching. We couldn't have done this without YOU! Special thanks to Dr. Cheung and CNSU for their relentless support. We'd also like to thank your small but mighty group of interns this year for their agility and creativity!

We have provided you with this paypal link [here](#) if you have the opportunity to donate outside of our gala. Thank you!
